

AWD CONTRACTORS

BRITESPAN™ Building Systems

With a growing trend towards polyethylene covered buildings, AWD Contractors is equipped to provide you with the highest quality structures to use for sand and salt storage, manufacturing stock cover, and many other building requirements.

- Clear-span Buildings 19' - 160' wide to any length
- Warmer in the winter, cooler in the summer
- 16 year warranty on Synergy fabric
- 10 year warranty on Synergy FR fabric
- Designed, engineered, and manufactured in Ontario

BRITESPAN Building System's Trusses are coated by Hot Dip Galvanizing (HDG). The whole area of an HDG part is protected, both inside and out. No other coating can provide this level of protection!

Our fabric membrane allows up to 50% light transfer and provides ambient temperatures for a high level of comfort and enjoyable working conditions.

With our range of sizes and different truss and foundation designs, our products are ideal for many situations.

APPLICATIONS

- Municipal Salt Storage
- Manufacturing Stock and Raw Material Storage
- Waste and Scrap Recycling
- Rental Storage Space

AWD Contractors

MISSION

To be an integral partner in the construction and building-supply industry by providing our clients with advanced products, sustainable solutions, and outstanding customer service. By doing this we continually improve the welfare of our clients, staff, and the wider community.

OUR HISTORY

AWD Contractors is a family business that was founded in the UK by Mr. Derrick H. Ghinn in the late 1960's and was one of the foremost site-work contractors in the area. Our revered trademark qualities of fairness, reliability, and value-for-money has earned AWD Contractors an enviable reputation throughout the industry. Spanning three generations and with over 40 years experience behind us, we had an unrivalled knowledge of the business. Having now relocated to Canada, AWD Contractors continues to build on these values.

OUR LOCATION

AWD Contractors head office is now conveniently located in Perth, ON where we continue to provide our value-added service centrally to customers in the Ottawa, Kingston, Pembroke, Renfrew, Frontenac, Thousand Islands, Smiths Falls and surrounding areas.

OUR CLIENTS

Since becoming established in Canada, AWD Contractors has nurtured many successful working relationships within the commercial, industrial, residential and government sectors with our list of clients including city departments, general contractors, developers, private investors; all of whom appreciate unique and continued working relationships with our company.

OUR APPROACH

The company retains highly experienced and qualified personnel who hold all customers with a high sense of urgency and respect. This starts from the initial inquiry to the intimate workings of the contract.

Our staff are experienced in liaising with other construction-related professionals including local authorities, architects, engineers, utility suppliers, and indeed the

general public. They maintain the utmost standards for safety and are diligent in achieving the most up-to-date training and WSIB certifications.

OPERATIONAL CAPACITY

AWD Contractors' quality site staff are dedicated to the success of your project, and as such, are prepared to work long hours, adjust their focus to your priority requirements, and relentlessly push ahead to achieve your objectives.

Our fleet of modern, state-of-the-art heavy equipment gives you the assurance that we have the capacity and muscle to get your job done right, and on time.

Spearheaded by industry leading management capabilities, our operations are flexible, robust, and ready when you are!
