

AWD CONTRACTORS

GENERAL CONTRACTING

AWD Contractors has the ability to produce your desired finished product to an excellent standard within a controlled timeline. Boasting a unique time management system that effectively coordinates all trades, it ensures the satisfactory result you had envisioned!

“AWD has been totally professional in dealings with us throughout the build process, and I will have no hesitation in recommending them to others...” Mark Perry

AWD Contractors has developed an excellent working relationship with construction professionals in the area, and has many years experience liaising with architects, engineers, project managers, environmental experts and building officials.

When it comes to additions, AWD Contractors has the skill, technology, and a dedicated team available to ensure your new project is running on schedule, while minimizing all production downtime for your existing product lines.

We continually maintain our quality workmanship standards through constant review of our 'AWD Contractors Approved Vendor' program.

We currently specialize in turnkey commercial projects up to the value of \$2,500,000. AWD Contractors maintains an excellent rapport with Government, Defence Construction Canada, townships, towns, industrial, and commercial end-users.

Founded on hard work, attention to detail, and a consistent approach to regulated systems, AWD Contractors has your best interest in mind.

AWD Contractors

MISSION

To be an integral partner in the construction and building-supply industry by providing our clients with advanced products, sustainable solutions, and outstanding customer service. By doing this we continually improve the welfare of our clients, staff, and the wider community.

OUR HISTORY

AWD Contractors is a family business that was founded in the UK by Mr. Derrick H. Ghinn in the late 1960's and was one of the foremost site-work contractors in the area. Our revered trademark qualities of fairness, reliability, and value-for-money has earned AWD Contractors an enviable reputation throughout the industry. Spanning three generations and with over 40 years experience behind us, we had an unrivalled knowledge of the business. Having now relocated to Canada, AWD Contractors continues to build on these values.

OUR LOCATION

AWD Contractors head office is now conveniently located in Perth, ON where we continue to provide our value-added service centrally to customers in the Ottawa, Kingston, Pembroke, Renfrew, Frontenac, Thousand Islands, Smiths Falls and surrounding areas.

OUR CLIENTS

Since becoming established in Canada, AWD Contractors has nurtured many successful working relationships within the commercial, industrial, residential and government sectors with our list of clients including city departments, general contractors, developers, private investors; all of whom appreciate unique and continued working relationships with our company.

OUR APPROACH

The company retains highly experienced and qualified personnel who hold all customers with a high sense of urgency and respect. This starts from the initial inquiry to the intimate workings of the contract.

Our staff are experienced in liaising with other construction-related professionals including local authorities, architects, engineers, utility suppliers, and indeed the

general public. They maintain the utmost standards for safety and are diligent in achieving the most up-to-date training and WSIB certifications.

OPERATIONAL CAPACITY

AWD Contractors' quality site staff are dedicated to the success of your project, and as such, are prepared to work long hours, adjust their focus to your priority requirements, and relentlessly push ahead to achieve your objectives.

Our fleet of modern, state-of-the-art heavy equipment gives you the assurance that we have the capacity and muscle to get your job done right, and on time.

Spearheaded by industry leading management capabilities, our operations are flexible, robust, and ready when you are!
