

AWD CONTRACTORS

MODULAR BUILDINGS

AWD Contractors prides itself in the flexibility of its team, its forward-thinking attitude and above-average availability of products. By giving you access to modular building facilities, we can give you the flexible space you need, when you need it.

Providing the very best in Modular Space Solutions

AWD Contractors' crew can work to reduce your project time by up to 40% through the use of modular structures, thus allowing you to meet your tight deadlines while offering you a more cost effective alternative to conventional building. Modular buildings retain value due to reusability.

From a 36 square foot kiosk to a 10,000 square foot modular building; from storage buildings to explosion proof containment enclosures; smoking enclosures to privacy

booths; mezzanines, guardrail and wire mesh enclosures, environmental rooms and cleanrooms are just a few examples. Custom applications are our specialty.

Let us guide you through the first few basic decisions in obtaining your modular building – our design team will look after the rest including applications, delivery, and installation. Call now to find out how fast we can equip you with a modular building.

AWD Contractors

MISSION

To be an integral partner in the construction and building-supply industry by providing our clients with advanced products, sustainable solutions, and outstanding customer service. By doing this we continually improve the welfare of our clients, staff, and the wider community.

OUR HISTORY

AWD Contractors is a family business that was founded in the UK by Mr. Derrick H. Ghinn in the late 1960's and was one of the foremost site-work contractors in the area. Our revered trademark qualities of fairness, reliability, and value-for-money has earned AWD Contractors an enviable reputation throughout the industry. Spanning three generations and with over 40 years experience behind us, we had an unrivalled knowledge of the business. Having now relocated to Canada, AWD Contractors continues to build on these values.

OUR LOCATION

AWD Contractors head office is now conveniently located in Perth, ON where we continue to provide our value-added service centrally to customers in the Ottawa, Kingston, Pembroke, Renfrew, Frontenac, Thousand Islands, Smiths Falls and surrounding areas.

OUR CLIENTS

Since becoming established in Canada, AWD Contractors has nurtured many successful working relationships within the commercial, industrial, residential and government sectors with our list of clients including city departments, general contractors, developers, private investors; all of whom appreciate unique and continued working relationships with our company.

OUR APPROACH

The company retains highly experienced and qualified personnel who hold all customers with a high sense of urgency and respect. This starts from the initial inquiry to the intimate workings of the contract.

Our staff are experienced in liaising with other construction-related professionals including local authorities, architects, engineers, utility suppliers, and indeed the

general public. They maintain the utmost standards for safety and are diligent in achieving the most up-to-date training and WSIB certifications.

OPERATIONAL CAPACITY

AWD Contractors' quality site staff are dedicated to the success of your project, and as such, are prepared to work long hours, adjust their focus to your priority requirements, and relentlessly push ahead to achieve your objectives.

Our fleet of modern, state-of-the-art heavy equipment gives you the assurance that we have the capacity and muscle to get your job done right, and on time.

Spearheaded by industry leading management capabilities, our operations are flexible, robust, and ready when you are!
